RIVER VALLEY RIDERS
THERAPEUTIC RIDING PROGRAM

About River Valley Riders

River Valley Riders is registered in Minnesota as a nonprofit organization. We are a volunteer-run therapeutic program created to provide recreational horseback experiences for children and adults with disabilities and/or neurological impairments. Our program welcomes riders from the greater Minneapolis/St. Paul metro area and Western Wisconsin. Lessons are conducted in accordance with the safety, training and instructional guidelines of NARHA. All riders provide written permission from their physician(s) and each rider undergoes a personal evaluation to assess their riding abilities. For more information, visit our website at www.rivervalleyriders.org.

In Memory

RVR remembers Allen Chinnock who was Orphy Beattie's first driving student some 11 years ago. Allen passed away November 1, 2008. He will be missed by so many.

RVR also sends condolences to the family of Ted Johnson, Roger Berg's uncle. Ted's last outing before he passed away on November 10th was attending the RVR Round-Up where he entertained many with his stories.

Jenna Lynn died November 24th, 2008 after a long battle with cancer. A dreamer and spirited lover of animals, Jenna volunteered for RVR as a horse leader, side walker and driver aid. Her family was very generous to share Jenna with us. She will be missed and remembered by many.

Jenna's Sayings:

"Life is a precious gift. If we just gave in, it would be like throwing the gift in the garbage in front of the person who gave it to you. It's not right; it's just not what a person does."
